News:

EXTENSION TO OUR CO-OP SHED!

The extension to the co-op shed will commence in April.

We will need help with:

*a concrete pour for the slab and with interior painting when construction is complete.

* investigating shelving and storage bin options. Do we buy or build? You may know of a local carpenter or welder (customised flour bins).

*someone to co-ordinate a working bee

These tasks would contribute to active membership hours. Please let us know if you can offer any time or materials such as: clean roofing iron and timber for shelving that we can use to cut costs

Prepacked orders: Drop your containers off on Sundays / Monday (leave by our door) with your order as a note in the box or emailed by noon on Mondays.

Special Orders: we are happy to place orders for non-stock items. It is important to **collect them as soon as possible** after they arrive. We don't have space in the co-op to store them.
